TIME	DESCRIPTION	PRESENTERS
10:15 – 13:30	DIVERSITY IN THE ACTUARIAL PROFESSION This workshop will focus on Diversity in the profession to achieve growth and relevance for actuaries as we formulate The Modern Actuary. We believe diversity of thought is a key enabler for creating a stronger profession. The key is putting together diverse teams that bring different thinking and perspectives to creatively solve problems, create new frontiers and consequently more jobs.	Cathy Lyn (Jamaica) Past Chair IACA, Past President Caribbean Actuarial Association Marjorie Ngwenya (UK) Immediate Past President Institute and Faculty of Actuaries Peter Withey (S.A.) President ASSA
14:30 – 16:00	UNITED NATIONS SUSTAINABLE DEVELOPMENT GOALS Actuaries making a difference on the global stage: this workshop will explore how actuaries are using their business and problem solving skills to contribute to the UN's 17 global goals for sustainable development. We will look at examples from across the globe and showcase creative solutions from our innovative fellow professionals	Marjorie Ngwenya (UK) Immediate Past President Institute & Faculty of Actuaries Ken Buffin (USA) Founder - The Buffin Foundation & past Chair of IACA
16:30 – 18:00	MAKING OUR VOICE HEARD: A MORE PROMINENT ROLE FOR THE ACTUARIAL PROFESSION IN PUBLIC POLICYMAKING Actuaries find themselves more and more often playing roles that fall on the edge of or outside of our traditional ambit. Hence the actuary's role as thought leader becomes more critical. Nowhere is this more important than in the realm of public policy, where actuaries need to navigate many issues vital to our communities in order to achieve successful outcomes from our work. Actuarial professional bodies around the world are increasingly wrestling with how to best make their voice heard on these issues. This panel discussion will examine the thought leadership role that actuaries can play in informing public policy and explore how best to make our influence felt, change perceptions and give insight to decision makers.	Sherry Chan (USA) – Chief Actuary of the City of New York (remote) Timothy Vieyra (S.A.) – Cofounder and Managing Director Comotion Business Solutions and Seed Analytics, Moderator Lusani Mulaudzi (S.A.) President Elect ASSA Sharon Giffen (Canada) – Past President of the Canadian Institute of Actuaries (remote) Barbara D'Ambrogio-Ola, (Finland) Chair IAA Social Security Committee (remote)

TIME	DESCRIPTION	PRESENTERS
10:15 – 11:00	ACTUARIES AND AFFORDABLE HOUSING IN AFRICA Actuaries have a unique perspective of the business environment, driven by the long-term nature of the undertakings of many of our clients. This perspective is not well articulated in the public space and often appears to be at odds with the short-term business objectives of contractual savings institutions. In this presentation, we present the case for investment in Affordable Housing in Africa as an opportunity for actuaries to provide thought leadership and enable sustainable business strategies for long term investors. The presentation challenges actuaries to consider their professional contributions in the context of financial inclusivity and social solidarity and presents an approach to addressing the unique challenges and opportunities inherent in housing as a viable class of Infrastructure Investment.	Johan Human (S.A.) Alluvia Group
11:00 – 11:45	ACTUARIES AND CYBER SECURITY Introduce the domain of cyber security, highlight key trends – including threat actors, ecosystems, attack vectors etc. To defend the organisation how organisations are designing, implementing and operating the systems required? We will cover a cyber security case study at a large insurance company and end with a dialogue on the relevance of cyber security to the Actuarial Profession	TBC
12:00 – 13:30	THE CULTURE AND PURPOSE OF THE MODERN ACTUARY We have invited the IAA teams Actuaries without borders, Advice and Assistance, Population Issues Working Group and ASSA's AWF to showcase their work building the actuarial industry. Using this material we will discuss the purpose of these teams and how they are managing a culture beyond the mold that actuaries have created for themselves. How do we communicate our relevance and address inequalities that plague success in financial upliftment and social development?	Nyasha Mapolisa ; (S.A.) Chair ASSA Actuaries without Frontiers Timothy Vieyra (S.A.) - Cofounder and Managing Director Comotion Business Solutions and Seed Analytics, Moderator Kyle Rudden, (Trinidad) Consulting Actuary & Managing Director KR Services Limited, President Elect Caribbean Actuarial Association Doug Carey (USA) Chair IAA Actuaries without Borders (video) Sam Gutterman (USA) IAA Population Issues Working Group, Past President Society of Actuaries (video) Richard Galbraith (UK) Chair IAA Advice and Assistance Committee; Council Member Institute & Faculty of Actuaries (video)
